

P Box Family

Highlights

- Smart storage solution: Stackable clear boxes with optional side access for efficient organisation.
- Easy access: Optional side doors allow quick removal of items without rearranging or changing the position of the boxes.
- Modular and versatile design: Multiple sizes available, with or without side doors, for different storage needs.
- Durable and lightweight: Made of durable, lightweight plastic for long life, high capacity, transparency, and optimal handling.

Options

Available with or without side doors.
